SCHOOL PUPILS DOING THEIR PART TO HELP WIN THE WAR

ACTIVITIES UNDER WAY

Junior Red Cross Workers Doing More Than Ever This Year.—Boys Taking an Active Part.

In case everyone has been wondering whether the boys and girls in the Maryville schools are doing things in these days of patriotic endeavor to win the war, they should read the following statement by Supt. J. M. McDonald, summarizing the war work now being carried on in the Maryville schools.

"First of all, the entire school is organized for Junior Red Cross work. There is an organization in every ward; one in every grade room at the Washington school doing Junior Red Cross work. The Juniors are going to do more than ever this year. They are raising funds now by selling paper, scrap iron, tin foil and copper. This money all goes for buying supplies and materials for making garments for refugees of Belgium and of France, and for supplies for making surgical dressings. The boys in the grade school have taken over the making of boxes for the Adult Red Cross auxiliaries of the county. They are making these boxes free of charge. As soon as plans arrive from St. Louis headquarters they will make splints for broken limbs and furniture for hospitals and Y. M. C. A. huts.

"Military drill has been introduced thruout the school. The high school cadet company drills regularly Monday and Friday afternoons under the direction of Captain Snyder of the Home Guards. The grade school boys have military drill once a week under the direction of E. C. Hall, the manual training instructor.

"Last year each of the three ward schools raised $36.50 for the support of one French war orphan for one year. They have already started raising a similar amount for this year.

"The high school boys who organized the Red Triangle Club last November will complete their year's work in about two months. The members of this club are raising $10.00 each from their own earning for the relief of boys of high school age who are in the prison camps of Germany and Austria. They have raised about $150.00 now.

"Every pupil in the entire school is busy this week learning the American Creed, approved by the Federal government as embodying the American ideals of true democracy. The Creed follows: 'I believe in the United States of America as a government of the people, by the people and for the people, whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states, a perfect Union, one and inseparable; established on those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it my duty to my country to love it, to support its Constitution, to obey its laws, to respect its flag, and to defend it against all enemies.'

"A campaign will be started next week to encourage every student in school to buy and own at least one Thrift Stamp. The great majority of them already own stamps and bonds.

"During the weeks past pupils have collected enough peach seeds and other nuts to provide enough charcoal for sixty gas masks. They are also ready and willing to help the local Red Cross Chapter in the campaign this week for collecting old clothing for the refugees of Europe, if they wish that they assist."

THE ELECTION OCT. 9

TAXPAYERS WILL BE ASKED TO VOTE ON LIGHT QUESTION

MUST NOT EXCEED $5646

New Revenue To Be Used Exclusively for Lighting Streets and Alleys and Public Places.

At an adjourned meeting of the city council last night the formal papers in the contract entered into between the city and the Maryville Electric Light & Power Company, for lighting the city for a term of five years were signed and delivered and the date for a special election to vote a tax levy to provide funds for payment was set for Wednesday, October 9.

The ordinance calling for the election and which is published on another page of the Democrat-Forum provides for an annual return by taxation of a sum not to exceed $5,646.50 which shall be used exclusively for lighting streets alleys and other public places. A two-thirds majority at the election will be necessary to carry the proposed tax levy which is 25 cents on the $100 valuation.

IN FRANCE,-SEEKS ELECTION

Jefferson City, Mo., Sept. 24.—A new feature in Missouri politics is presented in the case of Mike Seivier, prosecuting attorney of Cole county, and nomnated by his party to succeed himself. He has been connected with the American diplomatic corps in Paris since early last year, and so far as is known, will remain there until after the close of the war. It is stated that he owes his appointment to Breckenridge Long of St. Louis.

The difficulties of conducting a campaign from Paris in a close county in Missouri may easily be imagined. Sevier was in the first draft, but was transferred to France and exempted from military duty. He is a Democrat. His opponent is Henry Westhues. The latter's friends are charging that Sevier sought a position in the diplomatic corps to avoid carrying a rifle in the army.

Sevier, with several thousand miles intervening between him and his opponent, must leave his hopes in the hands of his friends, and they are quite active in his behalf.

It is said that there is no legal entanglement that would follow his election, since his assistant, F. E. Lucketi, would continue to discharge the duties of the office, until such time as he returned and qualified.

ALBERT BAKER BADLY HURT

Driver for Townsend Wholesale Company Falls From Wagon and Suffers Fractured Skull.

Albert Baker, a driver for the Townsend Wholesale House, was seriously hurt this morning. He was at the Burlington freight depot unloading goods when he fell backwards from the wagon, striking the back of his head on the ground and suffered a fracture of the skull. It is thought the man had a fainting spell or paralytic stroke which caused the fall.

The accident occurred about 10.30 o'clock this morning and the injured man was at once taken to the hospital He is still in an unconscious state.

HEAR S. A. T. C. PLANS

PRES. RICHARDSON MEETS WITH COMMERCIAL CLUB DIRECTORS

A FLAG POLE NEEDED

Citizens of County Asked to Subscribe Small Amounts, the Pole to Be Gift From Nodaway People.

President Ira Richardson attended the weekly meeting of the directors of the Commercial Club yesterday afternooon and informed them of the progress made in the establishment of a student army training corps at the Northwest Normal School. Lieutenant Cravens of the United States Army when in Maryville a few days ago inspected the Normal School and approved the plans which have been made for taking care of the student soldiers, the lieutenant giving it as his opinion that the quarters to be provided would be adequate for 200 men. Some expense will be entailed in converting portions of the Normal School building into barracks and a dining hall for the men. The Normal School, however, will defray all of this expense out of its own funds and the citizens of Maryville will not be called on for any donation whatever. In some towns in Missouri as much as $20,000 has been raised by public subscription to provide suitable quarters in the schools located there for the soldiers who are to come. Maryville is fortunate in being able to secure a school of this character without being called upon for any financial disbursement. A suggestion by Lieutenant Cravens was that the Normal should have a suitable flagpole when it became a military institution. The cost of this flagpole will be $200 or $300. It has been suggested that the flagpole ought to be presented to the Normal School by the citizens of the county, and the Commercial Club is making an arrangement by which each bank in the county will receive subscriptions for this purpose which will be forwarded to President Richardson. It would seem far more fitting to have this offering to the Normal come as the gift of the whole county, purchased with small subscriptions of $1.00 or less from a great number, than to seek larger contributions from a limited number of persons.

RUFUS BRUMMITT IN FRANCE

Skidmore Boy Has Been in Active Service Since Last May.

Mrs. Rufus Brummitt of Skidmore is in receipt of the following letter from her youngest son, Glen Brummitt, who has been in active service in France since last May. The young man is a nephew of Mrs. H. Edward of 1119 East Fourth street.

France, July 16.

Dear Father, Mother and Sister: How are you getting along. I suppose you thought I was not going to write but as things are a wee bit new to me and I am in a strange land, that accounts for it all. How is Gladys and the baby and Edna and her baby, and does the baby ever speak of me? Is papa working for Ed Clark?

Now I guess they get good wages out there. Who is working for Bill Howden now? How are Uncle Charlie's folks and Loren?

Well, mother, I suppose you have lots of chickens now, sure would like to be there and eat fried chicken with you. Edna wrote me she was working in the Red Cross. Tell her to stick to that for it is just the stuff. Also the Y. M. C. A. is nice. * *

Give all my friends my best respects and tell them to write a line or two.

Lovingly your son,
GLEN E. BRUMMITT,

$800 IN PREMIUMS

ANNUAL CORN SHOW AND DOMESTIC SCIENCE EXHIBIT PRIZES

AGE LIMITS ARE CHANGED

Girls Between Ages of Ten and Twenty Years Eligible to Enter in Domestic Science Classes.

With the premium list and rules of the annual Nodaway County Agricultural and Domestic Science exhibit to be held October 24, 25 and 26, just off the press a number of changes have been made including an increase in prize money to be given, the premiums totaling nearly $800. The whole Domestic Science list of premiums has been revised and the cash prizes increased to conform with all the requirements of the government food administration.

The age limit of girls eligible to enter exhibits in the Domestic Science classes has been changed and girls between the ages of ten and twenty years may enter exhibits. Heretofore the age limit was from fifteen to twenty years.

It was found that a great number of girls younger than fifteen desired to enter and the officers of the association and Miss Hettie Anthony, manager of the Domestic Science department concluded to place the ages ten to twenty years instead of the first named. This will make eligible practically every girl above the primary grades in Nodaway county, both town and rural.

Miss Hettie Anthony, head of the Domestic Science department of the Normal, will be glad to answer any questions. Write to Bert Cooper, Maryville, Mo., for enrollment blanks and copies of the premium list.

It is a patriotic duty for every one to encourage productive incentives and parents should urge their children to enter exhibits in this contest. It is a valuable means of educating them and interesting them in work that is worth while.

Boys who are in the acre yield contest this year should write for blanks and rules for harvesting the corn and certifying the yield.

The dates this year are October 24, 25 and 26, and are in connection with the district teachers' meeting.

HOMER CROY IN FRANCE

Is in Y. M. C. A. Service Making War Pictures.—Writes From Paris to Maryville Folks.

SERBS GAINS GROW

HAVE ADVANCED 60 MILES WITH BULGARS IN FULL RETREAT

GREEKS HITTING HARD

Have Advanced Ten Miles in Vardar Valley.—Italians Liberated Twenty Villages.—Drive Continues.

London, Sept. 24.—The victorious Serbian army in Macedonia has advanced to a total depth of sixty miles and taken more than twelve thousand Bulgars and Germans and 140 guns according to the latest advices from the front. Both Bulgarian armies and the German divisions rushed to the aid of the Bulgars who are in full retreat. Monastir and Ghevgeli have been liberated from the fire of the Bulgars and Germans. The Serbians have taken Drenska mountains, cutting the strategic railway between Prilep and Gradsko. The Italians operating on the left "west" wing have advanced more than ten miles and have liberated twenty villages. The Greeks have been highly successful, having advanced ten miles in the valley of Vardar. The British have taken Doiran and are progressing in the region three miles north of Lake Doiran. Franco-Serbian forces are advancing toward Prilep, Babincra and Gradsko, the war office announced this afternoon. The Serbians continue their progress across Vardar, capturing Drenska and Planina Massifs.

TURKS CONTINUE TO RETREAT

From Jerusalem to Sea of Gallilee the Ottoman Forces Have Virtually Annihilated.

London, Sept. 24.—The withdrawal of the defeated Turkish forces continues east of the river Jordan.

From north of Jerusalem to the Sea of Galilee in the territory lying between the River Jordan and the Mediterranean Sea, the Ottoman forces have been caught by the swift drive of the British armies and virtually annihilated. Added to the heavy casualties suffered by he Turks, thousands of them were made prisoner and many more are wandering bewildered, without leaders, in the hills, eventually to bebrought in to swell the great total. At last accounts more than twenty-five thousand of the sultan's soldiers and 260 guns and large quantities of war stores were in British hands.

To add to the demoralization of the Turkish morale, Allied aviators are carrying out successful bombing raids against Constantinople.

Cavalry detachments have occupied the important commercial center of Haifa, on the Bay of Acre in Syria.

Ridgeways Visiting Here.

Mr. and Mrs. Frank Ridgeway and Mr. and Mrs. Walton Ridgeway of Chanute, Kan., have been visiting in the city for the past few days with the W. R. Smiley and Walton C. Frank families.

They are enroute home from a six weeks motor trip and will start for their home tomorrow.

GERMANS BUILDING NEW LINE

ON AMERICAN FRONT HEAVY ARTILLERY FIRE INDICATES BIG GUNS BEING EMPLACED

HUNS ARE UNEASY

SHARPEST FIGHTING SINCE NEW MEUSE-MOSELLE LINE WAS ESTABLISHED TOOK PLACE THIS MORNING

WEATHER HAS CLEARED

Heavy Enemy Attacks on the British Positions Near Gavrelle Were Repulsed with Haig's Men Improving Their Positions.

With Americans on Lorraine Front, Sept. 24.—The sharpest fighting since the new Meuse-Moselle line was established took place this morning near Rembercourt. After a heavy barrage fire the Americans attacked the German lines and encountered stubborn resistance. The Germans are evidently uneasy for this sector for they attacked the American lines in the region of Peropreny but the attempt was broken up by our artillery. The weather has cleared again and big operations are likely to be resumed.

American detachments under Captain C. F. Lee captured an entire German garrison at St. Hilare Sunday night, bringing in six heavy machine guns and thirteen prisoners.

With the American Army on the Lorraine Front, Sept. 24.—Increased enemy artillery fire on this front indicates that the Germans are now emplacing their big guns which were withdrawn during the recent retreat along the Hindenburg line. Patrols have been operating all night long and American raiding parties are keeping enemy patrols close to their organized lines.

London, Sept. 24.—Heavy attacks on the new British positions southeast of Gavrelle were repulsed and the British succeeded in improving their positions north of Moeuvres. Fighting continues east of Vermand.

Paris, Sept. 24.—Two raids on German trenches in the Champaign sector last night netted the French forty prisoners. The situation on the Aisne and Ailette rivers last night was marked by heavy artillery fire.

A PARNELL BOY IN FRANCE

Harlan E. Herndon With Others in a Deserted War-Torn Village.

The Rev. E. T. Clark of St. Louis, who is in France, in a letter to the St. Louis Republic in Monday's issue, mentioned Harlan E. Herndon of Parnell, as one of the boys he had met over there. In this connection he had the following.

"I drove forward and entered a village. The shattered tower of the once lovely church stood upright against the background of the sky, the main street-the ever present rue de l'Eglise -looked bare and deserted, and the houses were nothing but shattered wrecks. Not one had been left standing. Could it be possible that soldiers were quartered in this place? There they were, lined up in the door of the Y. M. C. A. dugout, waiting for the papers. One young fellow was particularly anxious to get a paper, and asked concerning his name and address in the States, he replied:

"'I am Harlan E. Herndon, and I live at Parnell, Mo. And say I would rather be in jail there than to be the president of France.' He was hearty, happy and contented in his safe dugout."

PEACHES RIPEN IN SEPTEMBER

Freak of Nature on the Dave Busby Farm Near Maryville.

Peaches ripening the last of September is the unusual sight to be seen on the Dave Busby farm six miles southwest of Maryville where a peach tree well filled with fruit is being picked. P. M. Smith who lives on the farm brought a limb of the tree to the Democrat-Forum office today. It contained five ripe peaches just ready to be picked. Mr. Smith says the tree is yet full of blossoms. The ripened fruit is of fine flavor.

Bedroom Furniture

Wood beds are becoming more and more in demand, and we have a beautiful line of beds in modern and period designs, as well as complete bedroom suits which are unsurpassed in beauty.

FURNITURE IS NOT HIGH PRICED—Much of our stock is marked at the same price as a year ago, and compared with the advances in other lines you will find nearly every piece in this large stock

A GOOD BARGAIN.

It will really pay you to get the necessary things for your home now, while prices are reasonable and we have such an excellent assortment.

FIRELESS COOKING.

We sold one of the Ideal Fireless Cookstoves this week to a customer who lives in a well heated home, and who does not wish to keep a range going all the time. She will start her fire in the morning or heat her fireless radiators in the heater and will then prepare the meals for the day, put them in the Fireless Cookstove and leave them until time to set the table—her meal will be done an dsteaming hot, and she will save fuel, food, work and worry. Let us show you one of the Ideal Fireless Cook stoves.

BACK LIKE A BOARD? IT'S YOUR KIDNEYS

There's no use suffering from the awful agony of lame back. Don't wait till it "passes off." It only comes back. Find the cause and stop it. Diseased conditions of the bladder or kidneys are usually indicated by stiff lame back, wrenching pains, lumbago, sciatica, nervousness, sleeplessness, tired, worn-out feeling, pain in the lower abdomen. These are nature's signals for help!

Here's the remedy. When you feel the first twinges of pain or experience any of these symptoms, get busy at once. Go to your druggist and get a box of the pure, original GOLD MEDAL Haarlem Oil Capsules, imported fresh every month from the laboratories in Haarlem, Holland. Pleasant and easy to take, they almost instantly attack the poisonous germs that are clogging up your system and bring quick relief.

For over two hundred years they have been helping the sick. Why not try them? Sold everywhere by reliable druggists in sealed packages. Three sizes. Money back if they do not help you. Ask for "GOLD MEDAL" and be sure the name "GOLD MEDAL" is on the box. Adv.

The Store With Reasonable Prices.

Patriotism and Fashion Favor Home Dressmaking

THE present dress styles are simple and easy to make and the small yardage required for making them is encouraging the trend toward home sewing as never before. The demand for wool piece goods is increasing and will still continue to increase as the season advances.

In this connection our ample supply of Wool Suitings and Wool Dress Materials in all the fashionable weaves is a boon to women who prefer to buy the materials and have their suits or frocks made at home, or by tailor or dressmaker.

36 inch all Wool Serge, in black, navy, myrtle, wine, brown, gray, Copen and plum. This is the highest grade serge in this width. Per yard $1.20

Plaid Silks are very much in demand for skirts and dresses, and we have assembled a large and varied line for your aproval. Beautiful combinations in all the season's colors, 36 inch, per yard..... $2.00 to $2.50

You will find that you can pay anywhere from $2.50 to $5.00 a yard for material and still have an inexpensive suit or gown. And our dress goods—like all of our merchandise — are priced uniformly low the year around—no higher now than at the close of the season.

Our entire autumn supply of Wool Dress Goods was purchased long before the present high prices at the mills became effective. It is no exaggeration to say that in most cases if we bought them today we would have to ask double our present prices. You can readily see what that means when present stocks are exhausted —provided we can replace them at all.

THE SAME CONDITIONS PREVAIL IN SILKS. Those who prefer a handsome Silk Suit or Frock will find us equally well prepared in silks as in woolens, as to styles, assortments and values.

Crepe Faille, a very attractive dress material in all colors, 36 inches wide, per yard $1.50

A good line of Poplins, Santoys, all Wool Taffetas, Poiret Twills and French Serges at, per yard..... $2.50

Silk Fibre Poplins, in all colors—a beautiful cloth. This is an exceptional value, 36 inches wide, per yard only $1.15

Listen! Here's a Tip

WE HAVE SOME OF THE FINEST SAUER KRAUT AND SPARE RIBS TO BE FOUND, ON HANDS NOW.

A Recipe That Must Be Most Delicious.

Now is the time when the orchards are giving forth their fruit and every one will be talking "apple butter," apple jelley," and so on. A recipe that just listens like 'um, 'um' it's so good, is the following one for marmalade and is taken from the women's department of a St. Louis publication and all are tested before being printed.

Apple marmalade. Five pounds of apples, three and three quarter pounds of corn sugar (or its equivalent in syrup), one pint of water, one ounce of green ginger root, grated rind of two lemons and one orange. Wash and peel tart apples; cut them into small sections and boil them with the other ingredients until the mixture is thick and jelly like. Pour into sterilized glasses or jars and seal them. 1x

IT'S different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish

Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All we ask is a trial. Use it on your cook stove, your parlor stove or your gas range. If you don't find it the **best stove polish** you ever used, your dealer is authorized to refund your money. Insist on Black Silk Stove Polish. Made in liquid or paste—one quality.
